“There is nothing more divine than Education.”

— Plato

Dr. Kandula Anjaneyulu,

M.A., UGC NET, Ph.D.(Philosophy)

Principal (OACS)

Principal's Message

Institutional Excellence Profile "It is with deep honour and an unwavering sense of commitment that I extend my greetings as the Principal (FAC) of P.R. Government College (Autonomous), Kakinada—a distinguished seat of learning where tradition meets transformation." Established in 1884, Pithapur Rajah's Government College (Autonomous), Kakinada is one of the oldest institutions of higher education in South India, with a legacy of over 140 years of academic excellence and social responsibility. The college has been functioning as an autonomous institution since 2000, affiliated to Adikavi Nannaya University, and is NAAC accredited with B++ Grade (4th Cycle). "Guided by the vision of National Education Policy (NEP) 2020, PRGC follows outcome-based, learner-centric education, offering 31 Undergraduate and 4 Postgraduate programmes and functioning as a recognized Research Centre. Emphasis on experiential learning, skill development, internships, and ICT-enabled teaching ensures strong academic progression and employability. "Student success is supported through mentoring, Career Guidance and Placement Cell, Jawahar Knowledge Centre (JKC), and innovation initiatives. The institution is committed to inclusivity, with focused programmes for women empowerment, SC/ST support, Divyangjan-friendly infrastructure, counselling services, and civic engagement through NSS, NCC, and YRC. "Spread across a 35.6-acre eco-friendly, solar-powered campus, the college provides modern academic infrastructure, a central library with over 90,000 volumes, sports facilities, girls' hostel, and comprehensive student welfare services. Quality assurance is ensured through IQAC, with a continuous focus on academic excellence, transparency, and institutional growth.

Warm regards

ప్రియమైన భారతమాతా ! ఓ పవిత్ర భూమి
వందలవేల స్త్రీ పురుషుల హృదయనాయికా
నీకు జయమగు గాక !

చక్కని పంటలతో పచ్చగా కళకళలాడే
పంటపైరే పైట చెరగుగా కలదానా
నీకు జయమగు గాక !

వసంతమానంలో కదులుతున్న అందమైన పూలతిగలే
శిరోజాలుగా కలిగిన భారతమాతా నీకు జయం
నా హృదయంలో ఉండే కోరికలనే
లత్తుక పూసిన పాదముల జంట కలదానా
నీకు జయమగు గాక !

దిక్కులన్నింటిలోకి ఎగిరే పక్షులు చేసే
కీర్తిగావంతో సంతోషం పొందేదానా
నీకు జయమగు గాక !

గాయకులు వైతాళికుల గొంతు అనే
విశాలమైన మార్గంలో విహరించేదానా
నా మధురమైన గేయములచే
ముద్దాడబడిన మనోహరమైన
పాదములు గలదానా

ఓ భారతమాతా నీకు జయం జయం జయమగు గాక !

FOUNDERS OF THE COLLEGE

**Sri Rau Venkata
Maheepati Gangadhara
Ramarau**
The Maharajah of Pithapuram
Samsthanam
(1842-1890)

Sri Rau Venkata Kumara
Maheepati Gangadhara
Ramarau,
The Maharajah of
Pithapuram was a
legendary philanthropist
and founder of famous
Pithapuram Rajah's
College (P.R. College)

**Sri Rao Venkata Kumara
Mahipati Surya Rao
Bahadur Maharaj**
(1885-1964)

The Maharajah spent huge amounts of money on education. He raised the P.R. College to the first grade status. P.R. College is the pride of Kakinada, the first of its kind in this area. Here girls were given education free. The Science College, the High School and the attached Hostels were the gift of the Maharajah. When the strength grew in numbers, the Arts College was shifted to the present building situated in the heart of the town. It has an area of 36 acres full of green lawns and mango trees.

A BRIEF HISTORY OF THE COLLEGE

Pithapur Rajah's College, Kakinada ranks among the earliest institutions of Higher Education in South India. It is located in erstwhile East Godavri District of Andhra Pradesh. P.R. College was established in August 1884 by Sri Rajah Rao Venkata Mahipathi, Gangadhara Rama Rao, Bahadur. First it was started as a middle school and became a full-fledged College. The present District Central Library, Super Bazar and DEO's Office were part of P.R College campus once. P.R College has two campuses; Science College campus is near the main road and Arts College Campus with sprawling grounds of nearly 28 acres is situated near Government General Hospital. McLaren High School is on the eastern side, District Collectors Office, Zilla parishad and C B M School are on the western side of P.R College. P.R College is the first college to encourage women's education with total exemption of fee for girl students. Girl students were given many incentives to pursue their higher education. In 1952, when the college was taken over by the Government, it became P.R Govt. college. This century old college had its centenary celebrations in March 1984. Considering the development of P.R Govt. College, UGC conferred autonomous status, with the concurrence of Andhra University and the approval of the Government of Andhra Pradesh. The college became autonomous with effect from the academic year 2000–2001. The College was previously Identified for the status of CPE (College with Potential for Excellence) by the UGC till October 2010. Citizens of Kakinada town regard P.R. Govt. College as their precious possession and supported financially to fulfill the objectives of the scheme. The college has been accredited with **B⁺⁺** grade in the 4th cycle of NAAC accreditation and the autonomy status has been extended up to 2027. The college has been Identified as a recognized research Centre by Adi kavi Nannaya University, Raja Mahendravaram.

Legacy of the College

During its long journey of heritage as Government College for more than 140 years, the college has pride of having eminent personalities as its Principals, faculty and alumni, its great faculty fraternity includes the following

Stalwarts worked in the College

1. William Henry D'Sowza (Principal: 1884–1886)

The First Principal of the College considered one of the founding academic figures of PRGC. Took charge when the college was upgraded to a full-fledged institution in 1884. He established early administrative systems, curriculum structures, and academic norms. His tenure laid the foundation for the college's later reputation as one of the oldest and most respected institutions in Andhra Pradesh. He is remembered as a disciplined academician with a strong commitment to English liberal education.

2. Rajendra Lal Maitra, M.A. (Principal: 1890–1895)

Scholar–Principal with Nationalistic Academic Vision A noted Bengali scholar who brought a high intellectual tone to the institution. Expanded the arts and humanities curriculum and encouraged research-oriented learning. Played a key role in attracting high-quality faculty from various presidencies. His leadership strengthened the college's prestige during the late 19th century.

3. V. R. Venkateswara Ayyar : M.A., L.T. (Principal: 1896–1904)

Administrator & Academic Reformer Known for his organizational abilities and strong grasp of academic governance. Introduced wide-ranging reforms in teaching, examinations, and student discipline. Helped the college gain regional prominence and improved its academic results. Remembered for fostering teacher training and promoting scientific subjects.

**4. Raghupathi Venkataratnam Naidu**, (Principal from : 1906-1919)

Served as Principal of P.R. College, Kakinada from 1906 to 1919. His appointment represents a critical period in the college's history, bridging early colonial-era education and later expansions under social reform influences.

5. Rao Sahib Dr. V. Ramakrishna Rao, M.A., L.T., Ph.D. (Principal: 1919–1932)

The Longest-Serving and Transformative Principal guided the college for nearly 15 years, one of the longest tenures in its history. Expanded departments, modernized laboratories, and strengthened the faculty. Played a major role in strengthening the college's reputation across South India. Recognized for administrative excellence and academic foresight. His era is often seen as a "golden period" of academic growth.

6. P. Rama Swamy, M.A. (Principal: 1932–1941)

Leader During Pre-Independence Transformation oversaw the college during a politically and socially dynamic period. Encouraged debates, literary clubs, and student activities connected to contemporary nationalist thought. Strengthened arts and social sciences programs. Remembered for balancing academic rigor with student welfare.

14. Sri Devulapalli Krishna Sastry, Telugu Poet, Play wright and Translator
15. Dr. M.S. Sanjeeva Rao, Former Union Minister, Govt. of India
16. Sri P.B. Srinivas, Singer/Lyricist
17. Sri S.V. Ranga Rao, Film Artist
18. Sri Rao Gopala Rao, Cine Artist
19. Sri Challapalli Chittibabu, Classical Musician, Veena Artist

INTRODUCTION

Our Vision

“To contribute its might for holistic and quality human capital formation for modern economy with focus on developing employment opportunity – enhancing skilling ecosystem, through integration of technology, research and value system into teaching – learning process”.

Our Mission

- ❖ Shaping wholesome personality of students
- ❖ Designing student-centric industry-oriented curricula
- ❖ Promotion of experiential learning
- ❖ Facilitating progression to higher education and employment through knowledge and skill development
- ❖ Promotion of outcome-based education with focus on realization of graduate attributes
- ❖ Quality enhancement in learning through ICT integration into teaching-learning process
- ❖ Strengthening research and fostering innovation and collaborations;
- ❖ Fostering 21st century skills
- ❖ Implementation of recommendations of NEP-2020
- ❖ Inculcation of community service

Core Values :

- ❖ Holistic development
- ❖ Quality and excellence
- ❖ Social responsibility
- ❖ Inclusiveness and equity
- ❖ Skill orientation and employability
- ❖ Research and innovation
- ❖ Cultural respect
- ❖ Environmental consciousness
- ❖ Ethical and moral values
- ❖ Student-centric approach

PROGRAMME OUT COMES FOR UNDERGRADUATE

PO-1 - Domain Expertise : Acquire comprehensive domain knowledge and skills. Make use of the knowledge in an innovative manner

PO-2 - Life-long Learning and Research : Learn “how to learn”- Self-motivated and self- learning Adopt to the ever-emerging demands of work place and life. Investigate the problem and report in a proper manner

PO-3 - Modern Equipment Usage : Adopt ICT mode of learning effectively. Access, retrieve and use authenticated information. Have knowledge of software applications to analyze data. Usage of technology without deviating from the dedication of learning

PO-4 - Computing Skills and Ethics : Develop rational and scientific thinking. Ensure the human values & ethics and to follow them throughout the life

PO-5 - Complex problem Investigation & Solving : Predict and analyze problems. Frame hypotheses Investigate and interpret empirical data Plan and execute action

PO-6 - Perform effectively as Individuals and in Teams : Work efficiently as an individual . Cooperate, coordinate and perform effectively in diverse teams/groups

PO-7 Efficient Communication & Life Skills : To face challenges and self-sustainability in overcoming the psychological problems. Listen, understand and express views in a convincing manner. Develop skills to present information clearly and concisely to interested groups

PO-8 - Environmental Sustainability: Following the green energy measures. Understand sensibly the environmental challenges Think critically on preventing of environmental pollution. Propagate and follow environment friendly practices.

PO-9 - Societal contribution : Involve voluntarily in social development activities at Regional, National levels. Voluntary participation in serving the society from natural calamities viz. disasters, cyclones, epidemics. Be a patriotic citizen to uphold the constitutional values of the Nation

PO-10 - Effective Project Management : Adoption of changes time to time in accordance with the situations. Identify the goals, objectives and components of a project for its completion. Plan, organize and direct the endeavors of teams to achieve the targets in time. Be competent in identifying opportunities and develop strategies and decision making for contingencies

Infrastructural Facilities

Pithapur Rajah's Government College (Autonomous), Kakinada holds a place of great significance in the field of higher education in Andhra Pradesh known for its rich legacy, academic excellence, and contribution to society. The college has produced many distinguished scholars, administrators, and leaders who have served the nation with distinction.

Pithapur Rajah's Government College (Autonomous), Kakinada is well known for its excellent infrastructure and student-friendly facilities that support effective teaching, learning, and research. The college is located on a spacious campus with a serene and eco-friendly environment conducive to academic pursuit.

The college has well-constructed academic blocks with **spacious classrooms, laboratories, and seminar halls** equipped with modern teaching aids such as LCD projectors and smart boards. The **central library** is a major resource centre with a vast collection of books, journals, e-resources, and a digital library section. The **computer laboratories** provide internet access and ICT facilities to students and staff for academic and research purposes.

In addition, the college houses well-equipped **science laboratories, language lab, and research laboratories** that cater to various disciplines. The **auditorium and conference halls** facilitate seminars, workshops, and cultural programs. The campus includes **sports grounds, gymnasium, and indoor game facilities** that encourage physical fitness and recreation.

Separate **hostel for girls, a canteen, vehicle parking, and drinking water facilities** add to the comfort and convenience of students and staff. The institution is also equipped with **Wi-Fi connectivity, solar power units, and CCTV surveillance** ensuring safety and sustainability.

Overall, the infrastructural and support facilities of P.R. Government College reflect its commitment to providing a holistic and enriching educational environment.

Classrooms

A conducive atmosphere is provided for both staff and students to carry out the teaching–learning process effectively. All classrooms are equipped with full-fledged furniture, ceiling fans, adequate lighting, and proper ventilation. Some classrooms are also provided with LCD facilities to support digital learning. The college generously allocates grants for the establishment and maintenance of classroom infrastructure to enhance academic activities. Separate blocks are available for Science, Arts, and Commerce to facilitate smooth conduct of classes.

Central Information Resource Centre (Library)

The Central library is a rich source of knowledge and learning for students and faculty. It houses a vast collection of textbooks, reference books, journals, and magazines covering various disciplines. The general library having 90,000 text books and reference books. It has a separate section for reference books and scientific journals which takes care of research requirements. In addition to printed materials, it also offers digital resources and internet access to support modern learning needs. The PRGC library helps to promote academic excellence and fostering a culture of reading and research among students.

Laboratories

All the science labs are renovated in tune with the modern specifications and standards, They are well equipped with necessary instruments, proper lighting, wash points. Each lab is furnished with ceramic flooring tiles. To ensure safety, these labs are fitted with fire extinguishers, exhaust fans, first aid boxes etc.

All the laboratories are equipped with the required apparatus and other infrastructure. There are a total of 25 laboratories (Physics-6, Chemistry UG-4, PG-3, Botany-4, Zoology-4, JKC-1, ELL-1, Computer-4) Updated LAN lab with 30 modems and one server. 3 well equipped computer labs are there to meet the requirements of students learning computer skills.

Administrative Infrastructure

Administrative Office

The Administrative Office is located on the First Floor of the Administrative Building, adjacent to the Accounts Office.

Principal Office

The Principal Office is in First Floor of the Main Building, adjacent to the IQAC Room.

Academic/Student Support Infrastructure

Internal Quality Assurance Cell (IQAC)

The Office of the Coordinator, IQAC is located in first floor of administrative block of the College.

Placement Cell Room

The Placement Cell is located in the ground floor of the Physics Block besides to physics laboratories of the College.

Auditorium

The PRGC B.V.Mohan Reddy auditorium has a seating capacity of about seven hundred and fifty people. Extensively used for extra-curricular events and for hosting functions of the College such as the annual day, it has an advanced light and sound system.

Seminar Halls

Three seminar halls are available in PRGC Kakinada is designed to accommodate a large number of participants for various academic, cultural, and professional events.

Health Infrastructure

Fitness Centre/Gymnasium

The College maintains its own fitness center/gymnasium. Located in the Sports Complex, the fitness center possesses equipment for free weight exercises, bodyweight exercises, gym ball exercises/Swiss ball exercises, resistance band exercises, resistance machine exercises and stretching exercises. The Center also holds classes for Body building, yoga and aerobics.

Internet services available to students and Faculty:

Faculty and students are using BSNL Broad Band internet service with 256 kbps speed. 150 computer systems have internet facility in this college. Institutional website and web-based facilities used and updated for the benefit of teachers, students and other stakeholders:

Residential Infrastructure

Girls Hostel : A social welfare hostel for girl students run by state government is accommodated in the building provided by the college within the campus located nearer to the commerce block which has a residential capacity for 220 female students.

Sports Complex

The PRGC Sports Complex comprises a multipurpose Indoor Sports Stadium of international standards and an outdoor sports field. The Sports Stadium has a multipurpose sports hall with wooden planks where Badminton, Basket Ball, Volley Ball, Judo and Wrestling are played. There are separate rooms for chess and table tennis in the stadium.

Student Recreation/Welfare Infrastructure

Canteen

Ambiance: canteen is designed to provide a casual and comfortable environment for students and staff. The canteen menu offers a variety of food options catering to different tastes and preferences. The prices are generally affordable, making it a popular choice among students for their daily meals and snacks. It operates during college hours, providing breakfast, lunch, and evening snacks, allowing students to conveniently grab a quick bite between classes or during breaks.

Girl's Waiting Hall

The College has created a Girls' Waiting Room (GWH) equipped with sanitary vending machine in recognition of their need for personal space. The GWH is strategically located at the 1st floor of Admin block to maintain privacy of female students of the College. It has comfortable seating space with sofa sets, dining table and a bed. Like the female washrooms in the College, the Girls Waiting Hall also has a dedicated vending machine for sanitary pads.

Utility Infrastructure

Parking Facility

The College has an all-weather parking area for its staff and students. Entry to parking area is restricted to availability of space.

College at a Glance

- 1853 - The College started as a Middle School
- 1863 - School Resuscitated and Re-Opened on 28th October, 1863 by
Sir Arthur Purvis in the present premises
- 1866 - Developed into High School
- 1877 - First Grade College
- 1884 - Raised to the status of Secondary Grade College
- 1952 - Handed over to Government (P.R. Governemnt Degree College Men)
- 1984 - College Centenary celebrations
- 1997 - Bifurcation of Junior College
- 2000 - Attained Autonomous Status
- 2004 - First Cycle of NAAC B⁺⁺ - Grade
- 2010 - Centre for Potential Excellence
- 2011 - Second Cycle of NAAC - B Grade
- 2017 - Third Cycle of NAAC - A Grade
- 2017 - Recognized Research Centre
- 2019 - PG Autonomy Status
- 2022 - Autonomy Extension upto 2027 (For Every 5 Years)
- 2024 - Fourth Cycle of NAAC B⁺⁺ - Grade

BEST PRACTICES

1. Green initiatives for sustainable development
2. Saving lives through blood donation
3. MAANASA - Counselling Centre
4. Vacant Land Development
5. Plastic Free Campus
6. Fossil fuel Vehicle Free Day

Institution Policy Documents

Academic & Curricular Policy

P. R. Government College (Autonomous), Kakinada follows a comprehensive Academic and Curricular Policy designed to promote excellence, inclusiveness, and holistic student development. As an autonomous institution affiliated to Adikavi Nannaya University, the college designs and updates its own curricula through Boards of Studies and the Academic Council, ensuring alignment with UGC guidelines, APSCHE frameworks, NAAC quality benchmarks, and the evolving needs of higher education. The curriculum is structured under the Choice-Based Credit System (CBCS), offering flexibility through core courses, discipline-specific electives, generic electives, skill enhancement courses, and value-added courses. Emphasis is placed on blending classical academic foundations with contemporary skill-oriented and vocational components to enhance employability and entrepreneurial readiness. The policy encourages learner-centric pedagogy, integrating classroom instruction with practical work, projects, internships, field studies, and ICT-enabled teaching. Continuous Internal Assessment (CIA) and end-semester examinations form the backbone of the evaluation system, promoting consistent learning and academic rigor. The college's curricular design also incorporates components such as environmental education, ethics, community service, and participation in NSS, NCC, sports, and cultural activities to ensure holistic formation of students. Through regular curriculum revision, industry consultation, and stakeholder feedback, PRGC maintains academic relevance, promotes research culture, and upholds its legacy as one of the oldest and most prestigious institutions of higher learning in Andhra Pradesh.

Student Admission Policy

P. R. Government College (A), Kakinada follows a transparent, merit-based admission policy in accordance with Government of Andhra Pradesh and Adikavi Nannaya University regulations. "Admissions to UG programmes are processed through the state's online degree admission portal (OAMDC), ensuring equity and access for all eligible students." "Reservations for SC, ST, BC, EWS, Women, and differently-abled candidates are strictly implemented as per government norms." "PG admissions are based on merit or entrance examinations conducted under AKNU or state guidelines." "The college ensures fair counselling, verification of certificates, and clear communication of eligibility criteria." "Its admission policy promotes inclusiveness, equal opportunity, and accessibility, reflecting the institution's commitment to social justice and quality education."

Student Attendance Policy

- ◆ Every student shall put up a minimum attendance of 75% during the 90 day working days of the semester to get scholarships (Jagananna Vidyaa Deevana and Jaganna Vasathi Deevana) and other monetary benefits. Every student shall put up a minimum attendance of 75% in theory classes and 90% in practical sessions to be eligible for appearing for examinations without any condonation.
- ◆ The students in the attendance range between 59.9% and 74.9% will have to pay prescribed condonation fee to the college to get eligibility for appearing for the examinations.
- ◆ No student will be given hall tickets if he/she falls short of 60% of attendance in whatsoever condition.
- ◆ If the student falls short of 60% of attendance before the mid-term examinations, he/ she will not be permitted to appear for the mid-term examination.
- ◆ If any student falls short of 60% of attendance before the payment of examination fee, he/she will not be allowed to pay the examination fees.
- ◆ If any student of a class falls short of 75% of attendance, the respective proctor of the class issue two notices – one, after the lapse of first month of commencement of instruction and another one after the lapse of second month and summon student and his parents. They shall appear before the proctor and attendance committee. If the student(s) doesn't turn up to the college and put up a minimum of 60%, the student(s) will not be allowed to appear for the mid-term examination fees, nor permitted to pay the examination and nor allowed to appear for examination. The hall-tickets of such candidates will not be issued.
- ◆ Students who go for medical treatment shall inform the same in advance to the attendance committee through concerned HoD. They shall submit genuine medical certificate after discharge from the hospital. The attendance committee will decide the eligibility for examinations or payment of fees basing on the genuineness of the case.
- ◆ The students shall attend all periods. The Full day attendance will be given if the students attend all the classes in both morning and afternoon sessions. If the students attend only either morning or afternoon sessions, only half day attendance will be given. Further, the students shall attend all classes of the session to claim full attendance for that session, i.e., morning or afternoon session.
- ◆ Students, who want to leave the campus for various purposes in between 10:00 AM and 5:00 PM, shall take the written permission from the concerned proctor and show it to the security guard only after which he/ she will be given permission to leave the campus.
- ◆ Exerting pressure through external persons for attendance and for issuing hall tickets will render the student liable for action by the college. The college will stick on to the above provisions scrupulously. Hence students are advised to attend college regularly and put up a minimum attendance of 75% in theory sessions and 90% in practical sessions to avoid last minute problems and any penal action.

TEACHING AND LEARNING POLICY

Introduction

The Teaching and Learning Policy of P.R. Government College (A), Kakinada outlines the institutional commitment to delivering high-quality, inclusive, student-centered, and outcome-based education. The policy ensures that teaching practices align with the college's mission to promote academic excellence, innovation, research orientation, and holistic student development. It provides a structured framework to enhance curriculum delivery, adopt modern pedagogical methods, and maintain academic standards across all departments.

Objectives of the Policy

To establish systematic, transparent, and effective teaching-learning processes. To encourage innovative, ICT-enabled, multicultural, and inclusive pedagogical practices. To strengthen learner engagement, critical thinking, creativity, and problem-solving abilities. To ensure continuous improvement through feedback, evaluation, and quality assurance mechanisms.

To promote equity, accessibility, and flexibility in the learning environment.

Curriculum Planning and Delivery

Curriculum is delivered as per the affiliating university and academic calendar. Departments prepare semester-wise teaching plans, departmental timetables, and workload distribution. Course outcomes (COs), Programme outcomes (POs), and Programme Specific Outcomes (PSOs) are clearly communicated to students. Syllabus copies, reference materials, lesson plans, and learning resources are shared with students in advance.

Pedagogical Approaches

Traditional Classroom Teaching

Lectures, discussions, demonstrations, and chalk-and-talk methods continue to be used where appropriate. Teachers use structured lesson plans and student-friendly explanations.

ICT-Enabled Teaching

Usage of smart boards, LCD projectors, e-content, videos, LMS platforms, NPTEL/SWAYAM courses, and digital repositories. Online tools are used for quizzes, polls, presentations, and virtual simulations.

Learner-Centric Approaches

Problem-based learning, case studies, group discussions, role plays, field visits, and student presentations.

Encouraging peer learning, experiential learning, community-based learning, and participatory activities. Inclusivity in Teaching and Learning Special mentoring and remedial coaching for slow learners. Advanced learners receive enrichment classes, project work, and extension tasks. Equal opportunities are ensured for students from diverse socio-economic and linguistic backgrounds. Classrooms are designed to provide a safe, respectful, and discrimination-free learning environment.

Faculty Responsibilities

Prepare teaching plans, maintain academic records, and update teaching methodologies.

Use innovative approaches to enhance student engagement and comprehension. Attend faculty development programs (FDPs), workshops, and training to improve teaching competency. Provide timely evaluation, feedback, and constructive academic guidance. Maintain professionalism, ethical conduct, and continuous learning.

Assessment and Evaluation, Continuous Internal Evaluation (CIE)

Regular internal exams, assignments, seminars, and classroom activities. Transparent evaluation methods and timely communication of results.

End-Semester Examinations

Conducted as per university norms with strict adherence to examination guidelines. Students are helped in understanding question patterns, expectations, and evaluation criteria.

Outcome Assessment

Mapping of COs, POs, and PSOs is carried out to ensure academic achievement. Data is used for academic planning and improving pedagogy.

Learning Support Systems

Central library with digital access, e-books, INFLIBNET, and reference materials. ICT-enabled classrooms, language labs, computer labs, and subject-specific laboratories. Mentoring systems to support academic, personal, and emotional needs. Bridge courses, skill development programs, certificate courses, and value-added programs.

Quality Assurance in Teaching and Learning

IQAC monitors academic quality, teaching effectiveness, and curriculum delivery. Collection of feedback from students, faculty, alumni, and employers. Regular academic audits, result analysis, and performance reviews. Faculty encouraged to produce e-content, research papers, and curriculum innovations.

Professional Development and Capacity Building

- Faculty participation in FDPs, orientations, refresher courses, and seminars.
- Encouragement for research, publication, participation in conferences, and collaborative teaching.
- Faculty awarded for excellence in teaching and innovation.

Student Responsibilities :

- Attend classes regularly and participate actively in learning activities.
- Maintain academic integrity, discipline, and respect in classrooms.
- Utilize learning resources, participate in mentoring, and engage in self-learning.

Policy Implementation and Review :

- The policy is implemented by the Principal, IQAC, and Heads of Departments.
- Periodic review ensures that the policy remains effective and relevant to evolving academic needs.
- Necessary reforms are introduced based on feedback, academic performance, and technological advancements.

Student Code of Conduct Policy

P.R. Government College [Autonomous], Kakinada, since many decades, has earned the confidence of all its stakeholders, especially its student community and their parents by providing a positive and conducive learning environment to the students. The bottom line is to produce more inquiring minds with focus on creativity and innovation and work-ready graduates. It is the endeavour of the college administration to promote a motivating, vibrant, safe working environment for its teaching community. Further, the college deploys its multiple, diverse, credible, and latest learning resources and models to help students learn better and grow. To foster positive attitude, promote co-operation among students, for unleashing the full potential of students and to shape them into a well-rounded personality, an effective code of conduct and policy statements are necessary for any institution

GENERAL REGULATIONS

1. Working schedule begins with Prayer song:
2. The working day of the college commences every day in the morning at 9:45 A.M with recital of National song through classroom communication System.
3. The class work is scheduled between 10:00 A.M and 5:00 P.M during all the working days.
4. All the students shall attend the college before the recital of the national song, i.e., by 9:45 A.M and stand in attention till the prayer ends wherever they are (including those standing outside) and participate in the prayer silently.
5. The main gate of the college is closed by 10:30 A.M

ATTENDANCE AND LEAVE REGULATIONS OF THE STUDENTS

In the current outcome-based framework, a student is expected to acquire knowledge, skills, attitudes, values etc., and turn into potential human resource and contribute to the national development by optimally utilizing the diverse resources available in the college. The college envisages achieving this outcome by ensuring regular attendance of the student to the college.

1. A 75% of attendance is mandatory for every student for every month for claiming scholarship or claiming hall ticket for SEE examinations or for claiming any government benefit. If the attendance falls between 60% and 75 %, they shall pay condonation fee to be eligible to appear for the examinations.
2. Every student should mark their FRS by 9: 55 A.M every day in the morning
3. Month-wise attendance of the students will be displayed by the college by 5th of every month and aggregate attendance will be calculated and displayed by the class lecturer or mentor. Students shall affix signature duly after taking note of the percentage of attendance.
4. Students will not be allowed to appear for internal examinations or not issued hall tickets for semester end examinations of the affiliating university if they fall short of attendance below 75%.
5. Appropriate disciplinary actions will be initiated against the students who exert pressure or influence college faculty members or administration from external persons or agencies regarding attendance or issue of hall tickets in case of shortage of attendance. The penal provision will be to the extent of rustivating from the college.
6. Students who wish to go on leave shall apply for the same to the concerned mentor for its sanction at least one day before the leave.
7. Students who will be absent to classes (up to 2 days of unauthorized absence) without applying for leave will have to submit signed explanation from the parent. Beyond two days of unauthorized absence, students need to attend college accompanied by the parent and submit explanation to the mentor lest they shall be barred from entering classes for instruction.
8. Students who could not attend due to illness or due to any such exigencies shall inform the same to the proctor through e -mail or telephone. He/She must personally report to the In charge/ class teacher on resuming attending the classes.
9. Those students who are absent for long on illness, health or medical grounds, shall produce medical certificate issued by the Civil Surgeon of a Govt. Hospital and submit to the college.

10. Students can avail medical leave for illness, health or on medical grounds. However, they shall submit such leave applications in time to the respective HOD and concerned faculty members for its sanction. Such application shall invariably be accompanied by valid medical certificates issued by a Civil surgeon, Civil Asst Surgeon of a Government Hospital.
11. In case of illness, a student must apply for leave, as soon as possible, with a doctor's certificate.
12. Students of the college will be permitted to go on duty on various occasions such as for carrying out project works, NSS camps, internships etc. However, the maximum number of such on duty leaves is 10 days per semester.

PROTOCOL ON WEARING UNIFORM

The role of uniform is manifold in an educational institution. A uniform reflects a sense of unity and order prevailing in the college and reminds the students that they are a part of whole. It prevents the students from undergoing peer pressure when they attend the college in the uniform.

1. Students shall attend the college in approved uniforms on all working days (except Wednesday) and desist from making any alterations in the approved uniforms. However, students shall attend college in the uniforms even during some special days or occasions though they fall on Wednesday unless otherwise specified by the college authorities.
2. A uniform design approved in the first year of the program will be permitted till the final year of the program.
3. Students who celebrate Birthdays are allowed to come to college in civil dress only after taking prior permission from the respective mentors /proctors or class teachers.
4. Boy (Men) students shall attend college in formal shirts tucked into trousers with black belt and black shoes or semi covered chappals. Hawaii type rubber or plastic chappals are not permitted. No student is allowed to wear T-shirts on the days of civil dress but in formal shirts and trousers only.
5. Lady students will have to wear a blazer over their uniform.

6. Students belonging to certain departments like Chemistry, Zoology etc., should wear lab- coat or any such security attire while performing practicals.

PROTOCOL ON IDENTITY CARDS

A photo Identity card or Identity badge issued by the college is a public document and is not only a proof for establishing the identity of a student but also a means that facilitates students to transact business in library, access to certain functions, claim discounts in fees in certain occasions, examinations, etc. It carries the legacy of the college with it. Hence,

All the students shall attend the college wearing their identity cards invariably and shall be well displayed. Students shall produce it to the college authorities as and when asked for or situation demands or when college authorities demand for the same.

EXAMINATION REGULATIONS

- ◆ The college scrupulously follows the approved rules and regulations while conduct of Internal as well as university examinations. Malpractice in any form will not be encouraged.
- ◆ All the students shall invariably, appear for two internal examinations [CIA] and Semester end Examinations (SEE) in each semester.
- ◆ They shall sit in their respective seats at least 10 minutes before the commencement of the examination. They shall not be permitted to leave the examination hall till lapse of half the time of the examination. Students will be permitted to leave the examination hall with hall ticket only in the last half-an hour.
- ◆ No student is allowed into the examination 10 minutes after the commencement in the internal examination and 30 minutes time in the Semester End Examinations.
- ◆ Students shall not use any unfair means at examinations, including internal examinations. They shall not possess any forbidden material. Students will be debarred from appearing for examinations for possession of such material.

- ◆ They shall not indulge in cross-talking, material or gadget sharing after the commencement of the examination.
- ◆ Carrying mobile phones and their usage in the examination hall is strictly prohibited. College is not responsible if such gadgets are lost in the campus.
- ◆ Students are barred from using calculators with memory capability or electronic gadgets including earphones, Bluetooth devices etc., into examination hall.

ATTENDANCE POLICY TO APPEAR FOR EXAMINATIONS

- ◆ A student will be allowed to appear in the examination only if he/ she puts up at least 75% attendance in theory in all the subjects.
- ◆ A student should put up an attendance of 90% in practical sessions.
- ◆ Exerting pressure by the students on the Staff or the administration through external agencies or Political functionaries for issuing hall ticket (in case of shortage of attendance etc.,) will render student liable for disciplinary action.
- ◆ Student shall verify their attendance every month in consultation with their mentors (class teachers) and affix their signature against their attendance.
- ◆ If students fall short of attendance, parents will be summoned to the college and necessary undertaking will be taken from them.
- ◆ The decision of the attendance committee is final in the attendance related issues.
- ◆ No student will be permitted to be absent to the college for more than three days in a month. Students shall take prior leave permission of the concerned mentor- faculty member or class teacher.

Student Disciplinary Rules

Students, being the future citizens, are expected to maintain the highest standards of discipline and behave in dignified manner inside as well as outside the College campus duly uplifting the esteem of the college.

The code of conduct sets out certain standard of conduct expected of students. It makes students conduct themselves in such a manner where institution's values and principles are respected, civility, inclusiveness, diversity, and opportunity are valued and contribute positively to the institution and society. It holds the students responsible for their misbehaviour, rule violation, irresponsibility and failure to fulfilling their duties in the teaching-learning process and other process.

It not only outlines the rights of the students but also makes them abide by the rules and regulations of the college. Further, it ensures that no student is penalized except for violation of established rules and regulations enshrined in the policy documents.

- ◆ It is mandatory for every student to maintain proper discipline in the college campus. Any kind of act by the student that amounts to indiscipline will make him/her liable to imposition of heavy fine or even expulsion from the college.
- ◆ Punctuality and penal provisions for Late coming.
 1. Late coming results not only in the loss of valuable knowledge delivered by the teacher but also makes the entire teaching-learning process disturbed when a late comer enters the class. This can be overcome by proper time management.
 2. All the students are expected to be present in the class by 9:45 A.M positively every day in the morning well before the national song is played and make optimum utilization of the knowledge delivered by the teacher.
 3. Late coming results in loss of attendance for the corresponding hour. Students are not allowed into class after 10:15 A.M. They should go to library and can attend the second hour after the completion of the first hour or period. Hence, students shall not be allowed to enter the college campus after 10:30 A.M.

4. All students should start attending classes from the first day after opening of the college for instruction after summer vacation, Dasara vacation etc.,
5. All students shall stay in the college campus for full time of the college, i.e., till 5:00 P.M.
6. Leaving college after morning session on a day without permission of the concerned proctor will be viewed seriously.
7. Students shall not roam around in the campus or outside the college during the working hours either alone or in groups without attending classes.
8. They shall not spend time in the canteen or other places skipping classes.
9. They shall go to library and spend at least three days a week and spend at least 5 hours in a week. They are requested to go through newspapers, magazines, text and reference books, etc.

Anti- Ragging Policy

- ◆ Pursuant to the directive from the UGC and the Higher Education Department, AP, and An Act to prohibit Ragging in Educational Institutions in the State of Andhra Pradesh [Act No. 26 of 1997] [21 August 1997] called Andhra Pradesh Prohibition of Ragging Act, 1997 , ragging in the educational institutions have been banned and, therefore, any student found involved in ragging in the College will be dealt with under rules which can include even expulsion from the institution.
- ◆ The College Union will be formed as per Lyngdoh Committee recommendations approved by the Honorable Supreme Court of India. It will be based on a parliamentary (indirect) system given in Section No.6.2.4 of Lyngdoh Committee recommendations.

- ◆ Political activity in any form is not permitted in the College campus. Unauthorized meetings, propaganda work, processions, or fund collections are forbidden within the College, hostels, and outside the college.
- ◆ The College prohibits any conduct by any student or students which has effect of teasing, treating or handling with rudeness a fresher or any other students or indulging in rowdy or undisciplined activities. Ragging is totally prohibited in Institution & anyone found guilty or ragging and/or abetting ragging, whether actively passively is liable to be punished in accordance with the regulations.
- ◆ Harassing juniors, ill treatment to other fellow students or any such form of ragging is objectionable and liable to be treated as criminal offence by the law enforcing agencies as per the directives of Hon'ble Supreme Court of India.
- ◆ Misbehaviour towards girl students, use of threat or violence against members of the staff or fellow students will be considered as very serious cases of misconduct.

PREVENTION OF SMOKING/VAPING & ALCOHOL CONSUMPTION

- ◆ The college wishes to provide clean atmosphere in the college to its stakeholders including staff and students.
- ◆ Smoking/alcohol consumption, vaping, consumption of intoxicants / psychotropic substances or banned substances in any form or using chewing- gum, pan masala inside the college campus are strictly prohibited.
- ◆ If any student attends college during college hours or during conduct of any meeting or function etc., in inebriated condition or smokes or consumes above illegal substance, strict disciplinary action would be initiated including rustication student from the college besides handing over such students to police authorities for necessary action.

PARTICIPATION IN COMMUNITY SERVICE AND OUTREACH PROGRAMS

Awareness creation in the society on various issues through conduct of community outreach programs has been the flag-ship program of the college since its inception.

The students, being the prime stake holders in understanding and solving the societal programs, shall actively participate in social service and community outreach programs and come out with tangible solutions to the problems the society is facing and thus integral part of this nation building. The college provides every student an opportunity to participate in the community outreach programs.

- ◆ Students shall register in the National Service Scheme (NSS) of the college and actively participate in its activities, including Special camps, awareness programs, etc.
- ◆ Students shall join NCC wings – Navy and Airforce for the development of character, Comradeship, Discipline, Leadership, Secular Outlook, Spirit of Adventure, and Ideals of Selfless Service amongst them.
- ◆ Students shall participate in the activities carried out by the Red Ribbon Club and Health Club of the college.
- ◆ All students shall participate in the community outreach programs conducted by various departments such as conduct of exhibition in the schools, surveys in the community, health awareness campaigns, environmental awareness campaigns, campaigning on traffic rules, against drug abuse, etc.

Mobile Phone Policy

The Mobile phone policy of the college prescribes clear cut guidelines regarding the usage of mobile phones inside the classes and inside the campus. This policy is applicable to all those who enter the campus.

Though the mobile phone plays dominant role in communication, realizing its usage by students for negative purposes and to avoid disturbance to effective teaching-learning purpose, the following guidelines are devised.

- ◆ Students are not permitted to use mobile phones within the campus except for academic purpose, that too in the supervision of their lecturers.

- ◆ Students shall switch off their mobile phones immediately after entering college campus and their respective classes.
- ◆ They can switch them on only on the advice of the lecturers and under the strict supervision of their lecturers, if they feel, usage of them is advised by lecturers for a specific academic work- as calculator for problem solving, accessing and for analysis of some information from internet, logging in for certain LMS, scholarship OTP, for providing feedback through OTLM app, etc., etc.
- ◆ The college does not hold responsibility in case of loss or theft of mobile phones.
- ◆ All the staff members are empowered to confiscate mobile phones found with students violating the above rules.
- ◆ Students violating the above rules will be confiscated mobile phones and returned to the students only after a thorough enquiry in the presence of parents.
- ◆ Accessing Social Networking Sites such as Facebook, Twitter etc. is prohibited within the college campus.

Fee Regulations

1. Every student shall pay the whole fee each year if her/his name is on the rolls of the institutions.
2. College Fee will be collected once at the beginning of the year.
3. Absence from the college with or without leave forms is no ground for exemption for the operation of this rule.
4. Fees once paid cannot be refunded.
5. Names of the students who have not paid the whole amount due from them after the last day announced for payment are liable to be struck off the rolls. They shall be re-admitted, however after payment of fines and re-admission fee subjected to the availability of seat and other conditions.
6. If a student is once admitted & take T.C. in the middle of the academic year, he/she has to pay the entire fee specified for the year.

Fee Payment Policy

- ◆ All students shall pay required college fees, university fees, tuitions fees, examination fees, etc., in advance or in time through F-Map app to avoid fines from respective authorities.
- ◆ Students are required to pay the tuition fee, University fee, special fee, restructured fee, CPDC fee etc., within one month of commencement of academic year. Otherwise, their names will be removed from the rolls forthwith. No intimation will be communicated in this regard. Part-fees payments or piecemeal payments will not be allowed.
- ◆ Students are required to pay the examination fees prescribed by the Examination Cell per each semester in time and to avoid penalty. Payment of fees will not be allowed after the time prescribed

CAMPUS CLEANLINESS AND ENVIRONMENTAL PROTECTION POLICY

(SWARNA ANDHRA SWACHH ANDHRA - SASA)

- ◆ It is the policy of the college to contribute its might to the environmental protection by reducing carbon foot-print and conservation of energy.
- ◆ Students are required to keep their respective class rooms and campus premises neat and clean.
- ◆ **Not to use plastic in the campus**
- ◆ Not to throw or spill waste anywhere in the campus except in the waste baskets kept.
- ◆ To keep the waste food, used up or discarded paper etc., in the dustbins so as to enable the college authorities to put it recycling or for production of vermi-compost or organic manure manufacturing.
- ◆ Students shall avoid entering college premises with automobile bikes and vehicles. The vehicles should be parked inside the parking area only. Students are requested not to park vehicles on either side of the pathways or roads.

- ◆ Students shall not waste water or electrical energy. The students shall turn off taps after using them. Likewise, students, after using electrical gadgets, lights, bulbs etc., shall turn off them in order to conserve precious electrical energy and to reduce pollution.
- ◆ Every student shall actively participate in the activities like Swachh Bharat, Clean and Green, Plantation drives, plastic - free campus drive, etc., and help to protect environment.

LABORATORY SAFETY, EQUIPMENT AND FURNITURE HANDLING POLICY.

- ◆ Handle the furniture, equipment, fixtures and appliances of the college and laboratories carefully. Careless handling/misuse of the above could result personal injuries or damage to property.
- ◆ Follow safety precautions near electrical equipment or chemical substances, electrical installations etc.
- ◆ Handle various fragile equipment like glassware, furniture etc., carefully.
- ◆ In the event of damage to college or laboratory property, expenditure towards the cost of replacement or repair will be collected from the respective student(s) who is (are) responsible for damage along with fine for mishandling.
- ◆ Students of chemistry laboratory shall invariably use aprons while performing practicals. Students of Physics and Computer Science laboratories shall take precautions such as wearing rubber chappals etc., to avoid electrical shock etc.
- ◆ Students shall follow all the campus and laboratory related protocols issued or displayed in the laboratories scrupulously to avoid any untoward incidents in the campus or laboratories.

Exam and Evaluation Policy

Introduction

The Exam Evaluation Policy of P.R. Government College (Autonomous), Kakinada, outlines the procedures, standards, and guidelines that ensure examinations are conducted in a fair, transparent, and academically rigorous manner. The policy aims to uphold accountability, consistency, and integrity across all assessment processes while complying with institutional, state, and statutory regulations.

Examination Structure

The examination structure of the college includes both Internal Assessment (IA) and Semester-End Examinations (SEE). Internal Assessment is carried out throughout the semester and typically includes mid-term tests, assignments, class tests, seminars or presentations, and practical records, depending on the nature of the course. Students are informed of their internal marks before final examinations. SEE are conducted at the end of each semester as per the schedule released by the Controller of Examinations.

Evaluation Procedures

The evaluation process includes a centralized valuation system for theory examinations, where qualified faculty members from external institutions evaluate answer scripts confidentially. Double valuation or moderation may be applied wherever necessary, and discrepancies may lead to a third evaluation. Practical examinations involve internal and external examiners and include performance assessment, records, and viva-voce. Project work is evaluated based on quality, report presentation, and viva performance.

Grading and Results

The college follows the Choice Based Credit System (CBCS), assigning grades and grade points based on marks secured. Results are published within the prescribed timeframe and made available through the college website or notice boards. Students may apply for revaluation, recounting, or photocopies of answer scripts as per notified procedures.

Malpractice Prevention

Strict measures are adopted to prevent examination malpractice. Cases are referred to the Malpractice Prevention Committee for action, which may include cancellation of the exam, suspension, or penalties in line with institutional regulations.

Responsibilities of Authorities

Key authorities include the Principal, who oversees the examination system; the Controller of Examinations, responsible for scheduling, conduct, valuation, and result publication; Heads of Departments, who ensure syllabus completion and internal assessments; and invigilators/examiners, who maintain discipline and ensure fair evaluation.

Amendments to the Policy

The college reserves the right to revise or amend the policy based on institutional needs, regulatory changes, or administrative requirements. The policy is approved by the Academic Council and becomes effective upon official notification.

IT Policy

As faculty it is crucial to effectively integrate teaching, learning, and evaluation strategies to achieve the desired learning outcomes. By carefully planning and implementing these components, students can optimize their academic success and achieve their full potential. Below, are the criteria for integrating teaching, learning, and evaluation to realize the defined outcomes.

Setting Clear Learning Objectives

Before delving into the integration of teaching, learning, and evaluation, it is essential to establish clear learning objectives. These objectives serve as the foundation for designing instructional activities, aiding student learning, and assessing achievement. By clearly defining what students are expected to know and be able to do, educators can align their teaching, learning, and evaluation strategies effectively.

Aligning Teaching Strategies with Learning Outcomes

Effective teaching involves selecting appropriate strategies that align with the defined learning outcomes. Educators should consider diverse instructional methods such as lectures, discussions, group work, hands-on activities, and technology-enhanced learning to cater to different learning styles and preferences. By diversifying teaching strategies, students can engage meaningfully with the content and deepen their understanding.

Fostering Active Learning

Incorporating active learning opportunities is a cornerstone of integrating teaching, learning, and evaluation. Encouraging students to participate in discussions, problem-solving tasks, projects, and debates promotes deeper engagement with the material. Active learning experiences not only enhance knowledge retention but also foster critical thinking, collaboration, and communication skills essential for academic success.

Providing Timely Feedback

Feedback plays a pivotal role in the learning process and is integral to effective evaluation. Educators should provide timely and constructive feedback that highlights students' strengths and areas for improvement. By offering specific feedback related to the learning objectives, students can make meaningful progress and enhance their performance. Feedback mechanisms should be transparent, consistent, and aligned with the desired outcomes.

Implementing Formative and Summative Assessment

Integrating formative and summative assessment strategies is vital for monitoring student progress and evaluating learning outcomes. Formative assessments, such as quizzes, discussions, and self-assessments, provide ongoing feedback to guide learning. Summative assessments, including exams, projects, and presentations, measure students' overall achievement against the established criteria. By combining both formative and summative approaches, educators can gain a comprehensive understanding of student performance.

Promoting Reflective Practice

Encouraging reflective practice enriches the integration of teaching, learning, and evaluation processes. Students should be given opportunities to reflect on their learning experiences, identify strengths and weaknesses, set goals for improvement, and engage in self-assessment. Reflective activities foster metacognitive skills and empower students to take ownership of their learning journey.

Integration of teaching, learning, and evaluation is contingent upon setting clear objectives, aligning strategies with outcomes, fostering active learning, providing feedback, implementing varied assessments, and promoting reflective practice. By adhering to these criteria, educators can create a supportive and dynamic learning environment that enhances students' academic achievement and long-term success.

Research Policy

Overview and Institutional Commitment

Pithapur Rajah's Government Autonomous College upholds a strong commitment to integrating teaching with research for the overall benefit of the student community. Through its Research and Development (R&D) Cell, the institution aims to promote innovation, technological advancement, and productive academic collaborations. It seeks partnerships with national and international universities, government bodies, research laboratories, and industries to address immediate societal and industrial needs while also supporting long-term research for future development.

Objectives of the Research and Development Cell

The objectives of the R&D Cell include enhancing research awareness among faculty by organizing discussions with eminent researchers and conducting conferences, seminars, workshops, and training programs on research methodologies, intellectual property rights, and patent filing. Faculty are encouraged to pursue doctoral and post-doctoral studies at reputed national and international institutions. The Cell also motivates faculty to undertake research projects in thrust areas of science and engineering funded by various agencies, while promoting collective research efforts, practical applications of knowledge, and the creation of a conducive environment for research activities. It also aims to establish Centres of Excellence, develop incubation centers to support innovations and start-ups, and pursue collaborative projects with IITs, NITs, premier laboratories, and industries. Mentoring academic and industry-based research projects, encouraging participation in hackathons and international competitions, promoting high-quality publications, and facilitating product development and IPR filings are also key priorities.

The R&D Cell is structured under the leadership of the Principal as Chairman and an R&D Director as Co-Chairman, with departmental SPOCs serving as members. Faculty are grouped into research clusters based on their areas of interest, and the committee meets monthly to review ongoing projects, assess progress, and set yearly targets. It evaluates achievements, recommends incentives, and works to ensure smooth coordination of research activities across departments.

The responsibilities of the R&D Cell extend to motivating faculty to submit proposals for externally funded projects, supporting multidisciplinary research, encouraging high-quality publications, and facilitating collaborations with reputed institutions and industries.

The Cell regularly organizes academic events, encourages faculty to deliver expert lectures, coordinates visits to research organizations, recommends journals to the library, and ensures faculty stay informed about funding opportunities from agencies such as DST, DRDO, ISRO, CSIR, AICTE, and UGC. It also supports student participation in conferences, competitions, and exhibitions, while facilitating faculty deputation to workshops and FDPs.

The guidelines for research and consultancy require that every research proposal undergo a multi-stage review at the departmental and institutional level before submission to funding agencies. All R&D-related applications must be routed through the Principal and recorded in the R&D office. Separate stock registers for funded projects must be maintained, and all purchases must follow financial regulations. Equipment purchased through projects remains institutional property even if the Principal Investigator relocates. Annual reports submitted by faculty are reviewed for eligibility for incentives, and each department prepares an annual R&D budget in consultation with senior faculty and project investigators.

The academic research policy mandates that each faculty member publish at least two CARE-listed journal articles annually, while research scholars must also publish two such papers per year. Doctorates are required to publish or contribute to at least one book or book chapter per year and must organize national or international conferences. Faculty should present papers in national seminars every semester and engage in focused research areas within their departments. Publications in Scopus and Web of Science journals are encouraged through incentives, and all manuscripts must undergo plagiarism checks. Undergraduate and postgraduate student projects must be research-oriented and ideally lead to at least one publication in Scopus or Web of Science.

The sponsored and internal research policy encourages faculty to apply for at least one government-funded project and urges departments to seek recognition under schemes offered by AICTE, DST, UGC, ICMR, and DRDO. Interdisciplinary and industry-linked research is promoted, and special research groups may be created for priority areas. Innovative projects are supported through patent filing, with appropriate incentives for successful outcomes. Consultancy assignments must be supported by formal documentation and maintained with proper expenditure records. Outstanding research and consultancy work is rewarded with monetary incentives and recognition.

The Principal Investigator plays a central role as the primary point of contact between the institution and funding agencies. The PI must keep the research team informed about project progress, involve Co-PIs in all project activities, and ensure the smooth execution of the project. In the event of the PI's absence, a Co-PI may be designated to oversee the project. All assets created under the project remain the property of the institution, ensuring continuity and long-term benefit.

Student Higher Progression Policy

P.R. Government College, Kakinada P.R. Government College, Kakinada is committed to ensuring that students are equipped with the academic foundation, professional competence, and personal confidence required for successful progression to higher education and employment. The institution promotes a student-centric environment that encourages lifelong learning and prepares learners to pursue postgraduate studies, professional programs, competitive examinations, and research careers. The college continuously works to strengthen academic quality and provide structured guidance to students to help them achieve their higher progression goals.

The policy focuses on creating awareness among students about various higher education opportunities available at national and international levels. Departments organize orientation programs, career counseling sessions, and mentoring activities to guide students in selecting suitable postgraduate courses, entrance examinations, and career pathways. Faculty mentors play a key role by regularly interacting with students to identify their academic strengths, interests, and future aspirations. Students are motivated to pursue higher studies in reputed universities, research institutions, IITs, NITs, and Central/State universities. “To further support progression, the college conducts coaching classes for competitive examinations such as PG entrance tests, UPSC, SSC, banking services examinations, and state-level recruitment tests. Skill-development programs, certificate courses, value-added courses, and training in communication and soft skills are conducted to enhance student employability and readiness for advanced studies.

The Career Guidance and Placement Cell collaborates with industries, academic institutions, and training academies to provide students with updated information on admissions, scholarships, internships, and career opportunities. Regular workshops, seminars, and alumni interaction sessions are arranged to expose students to higher learning trends and career paths.

The institution also promotes research culture among students by encouraging them to participate in projects, field studies, academic presentations, and innovation competitions. Students showing research potential are trained to take part in national-level conferences, internships in research labs, and programmes like JRF, CSIR-NET, GATE, and ICAR examinations. Through its supportive academic structure, mentorship, and resource facilities, P.R. Government College ensures that students are well prepared to transition into higher education, professional careers, and research domains. The policy reflects the institution's commitment to fostering student progression, academic excellence, and holistic development.

Grievance Redressal Policy

Pithapur Rajah's Government College, Kakinada follows the UGC Regulations under clause 2(f) of the Gazette Notification dated 7 December 2018, which mandate that every higher educational institution must establish a transparent and effective mechanism for addressing grievances. In accordance with these guidelines, the college has developed a comprehensive Grievance Redressal Policy to ensure that all aggrieved stakeholders—including students and staff—have access to a fair, just, and time-bound redressal system. The college aims to maintain a harmonious academic environment by offering prompt and responsive solutions through a well-structured grievance-handling framework.

A grievance in this context refers to any form of dissatisfaction, discomfort, or concern—expressed or unexpressed—related to academic, administrative, infrastructural, evaluation-related, financial, or interpersonal issues within the college. The policy emphasizes the importance of providing a discrimination-free and victimization-free ecosystem where students and staff feel safe to express grievances without fear of repercussions. The institution also upholds the dignity of all stakeholders and encourages mutual respect and cooperative interaction between administration, staff, and students.

The Grievance Redressal mechanism is designed to handle a wide range of academic and non-academic issues. Academic grievances include those related to admissions, teaching quality, access to learning resources, syllabus coverage, evaluation procedures, examinations, certification, and laboratory or library facilities. Non-academic concerns may relate to infrastructure such as classrooms, washrooms, drinking water, canteen services, hostels, and sports facilities. Financial issues include fee payment concerns, refunds, scholarship-related problems, and reimbursement claims. The policy also addresses grievances related to harassment, ragging, or victimization by peers or staff members. By covering such a broad spectrum of concerns, the college ensures that all major areas affecting student and staff welfare are given due consideration.

The policy clearly identifies matters that fall outside the scope of the grievance mechanism. These include decisions taken by bodies such as the Governing Body, Academic Council, Board of Studies, and state-level authorities regarding admissions, fee structures, scholarships, examinations, disciplinary actions, and code of conduct regulations. Decisions and policy matters issued by external agencies such as the UGC, APSICHE, and affiliating university are also exempt from the grievance purview, as the college has no authority to alter these directives.

To ensure accessibility, the college provides multiple avenues for submitting grievances. Stakeholders may use the online portal e-CEGRaM, a digital redressal mechanism established by the Commissionerate of Collegiate Education, for submitting written complaints. Physical drop boxes are placed in various blocks of the campus for handwritten grievances. The Open-Door system encourages students and staff to directly approach academic or administrative authorities during regular visits or through scheduled interaction sessions. The college also conducts the SPANDANA grievance programme on the third Saturday of every month, allowing students to express concerns directly to the Principal and Heads of Departments. Additionally, feedback surveys and email submissions enable stakeholders to share issues confidentially or anonymously, ensuring inclusivity and accessibility.

The grievance redressal system operates through a two-tier mechanism consisting of department-level and institution-level processes. Departmental bodies address issues related to individual departments—such as teaching quality, attendance, internal assessments, or laboratory facilities—ensuring faster resolution for localized concerns. Issues beyond departmental scope or those requiring higher administrative intervention are escalated to the central redressal mechanism. This hierarchical model ensures that grievances are handled at the appropriate level, with timely communication and proper documentation.

The process of grievance handling is systematic and time-sensitive. All grievances submitted through drop boxes are reviewed weekly in the presence of the concerned committee members. They are categorized into academic, non-academic, examination-related, attendance-related, facility-related, or interpersonal grievances. Department-level grievances are resolved within a week through discussion and appropriate action. If the complainant remains unsatisfied, the matter is forwarded to the central mechanism, which is expected to resolve the issue within the stipulated period. The final decision of the central mechanism is binding, and no further appeals are entertained.

The institution emphasizes natural justice, fairness, and confidentiality throughout the redressal process. The policy discourages frivolous or malicious complaints, and appropriate action may be recommended against individuals who misuse the grievance mechanism. Regular statistical reports on grievances received, resolved, and pending are prepared and submitted to higher authorities for monitoring, review, and continuous improvement. The mechanism is subject to periodic review by the Commissionerate of Collegiate Education or by the Staff Council to ensure relevance and effectiveness.

Overall, the Grievance Redressal Policy of P.R. Government College, Kakinada reflects the institution's commitment to protecting student and staff welfare, upholding transparency, ensuring accountability, and fostering an environment conducive to academic excellence and personal growth.

Divyangjan Friendliness Policy

Pithapur Rajah's Government College is committed to promoting inclusive education by ensuring that Persons with Disabilities (Divyangjan)—including students, staff, and visitors—receive equitable access, dignity, and support on campus. The policy reflects the institution's belief that true inclusivity extends beyond facilities and promotes respect, empathy, and equal opportunities for individuals with diverse abilities.

Importance of Divyangjan Support

Creating a Divyangjan-friendly campus fosters a culturally sensitive learning environment where every individual feels valued. By embracing diversity, the college enriches the educational experience, strengthens community engagement, and contributes to building an equitable society. Divyangjan friendliness is therefore an essential component of the institution's academic and social mission.

Accessible Infrastructure

The college ensures physical accessibility through well-planned infrastructure that supports mobility and independence. Ramps, elevators, handrails, wheelchair-friendly pathways, and designated parking spaces help Divyangjan individuals navigate the campus safely and comfortably. These facilities minimize physical barriers and promote equal participation in daily academic activities.

Support Services

Professional counseling, academic support units, and trained staff members offer personalized assistance to Divyangjan students. These services provide emotional guidance, academic accommodations, and advocacy, ensuring that students with disabilities meet their academic goals with confidence.

Inclusive Campus Culture

The institution promotes a positive and sensitive campus environment through awareness programs, disability-inclusion workshops, and events that celebrate diversity. These initiatives build empathy among students and staff and encourage a respectful, supportive community where Divyangjan individuals feel acknowledged and empowered.

Accessible Transportation

The college facilitates accessible transportation within and beyond campus for students who require mobility assistance. These arrangements ensure safe and reliable movement to classrooms, laboratories, and other campus facilities.

Special Access Initiatives

The college provides priority registration to allow Divyangjan students to choose class timings and accessible venues suited to their needs. Flexible attendance policies accommodate health-related challenges or mobility difficulties. Additionally, streamlined procedures for requesting physical accommodations—such as ergonomic furniture, adjustable desks, and quiet study areas—ensure that learning environments remain comfortable and supportive.

POLICY ON ANTI-RAGGING

Introduction

Pithapur Rajah's Government College upholds a strict zero-tolerance stance against ragging. Ragging is prohibited in classrooms, hostels, buses, and all on- or off-campus locations. Any student involved in ragging will face strict disciplinary action as per institutional and legal guidelines.

Need for the Policy

Ragging is a harmful practice that negatively affects students' safety, mental well-being, and academic performance. It creates fear, disrupts learning, and can cause long-term emotional distress such as anxiety, depression, or trauma. This policy ensures a safe, respectful, and inclusive campus environment that promotes healthy peer interactions and mutual respect.

Definition of Ragging

Ragging includes any act of physical, mental, emotional, or social abuse by students towards peers. It involves Verbal harassment, insults, threats, caste-based abuse. Physical assault or injury. Demanding money, favors, or services. Practical jokes causing humiliation or discomfort. Actions that deny equal access to facilities or learning opportunities

Preventive Measures

Establishment of an Anti-Ragging Committee to enforce the policy. Anti-Ragging Squads conducting routine checks in hostels and campus areas. Awareness and counseling sessions for all students, especially freshmen. Orientation programs for first-year students on safety and reporting. Complaint boxes, helpline numbers, and online portals for reporting incidents

Disciplinary Actions

Based on the severity of the offense, students found guilty may face:

Suspension or rustication from the college. Debarment from classes/examinations. Cancellation of admission or readmission. Monetary penalties or compensation for damages. Filing of FIR and legal prosecution under anti-ragging laws

Complaint & Action Procedure

Complaints may be submitted directly to the Anti-Ragging Committee or through helplines/complaint boxes. Confidentiality is assured. The committee will conduct an unbiased inquiry within 7 days. If needed, district authorities or law enforcement will be involved. Students may appeal decisions through the prescribed procedure.

E-GOVERNANCE POLICY

E-Governance refers to the integration of ICT tools to enhance efficiency, transparency, accountability, and speed in the administration of the college. This policy aims to streamline academic and administrative functions, reduce paperwork, strengthen communication, and improve service delivery to stakeholders. The institution implements e-governance across major functional areas to ensure effective management of student services, staff operations, and institutional processes.

Objectives

Implement e-governance across all institutional functions for faster and efficient administration.. Promote a paperless communication system and reduce manual work. Strengthen internal and external communication through digital platforms. Provide stakeholders with quick access to accurate information. Enable campus-wide Wi-Fi access and ICT-based learning. Adopt digital tools for curriculum delivery and library management. Ensure transparency and accountability in all administrative processes.

AREAS OF E-GOVERNANCE IMPLEMENTATION

General Administration

All circulars, notices, and official communication to students and staff are issued electronically. Faculty members use institutional email IDs for internal communication.

The college uses WhatsApp groups for class-related announcements, staff communication, and administrative alerts. Most communication and notifications are routed through IQAC. A Public Address System (PAS) is installed across the campus for announcements and information sharing. A PAS logbook is maintained for documentation of announcements. APFRS is used for monitoring staff attendance, while Jnanabhumi FRS is used for recording student attendance and scholarship disbursement.

Website Governance

The college website serves as the official information portal for students, parents, staff, and the public. A designated web designer updates the site regularly, supported by trained administrative and academic staff. A Website Committee oversees the maintenance, upgradation, and accuracy of uploaded data. All major notifications, events, reports, and updates are published promptly. The website showcases the academic vibrancy and ongoing activities of the institution. Student.APSCHE manages e-governance in admissions through the OAMDC portal for registration, web options, and seat allotment. The college website provides a dedicated OAMDC tab for easy student access. A Facilitation / Help Center supports students during the admission period. The admission process has been fully online since 2020. Online verification ensures authenticity through BSE, BIE, UID (Aadhar), APCFSS (community/disability verification). Paperless admissions are practiced until final admission, after which students submit physical documents.

ACADEMIC & STUDENT SERVICES

Examination System (Autonomous Cell)

- The Examination Cell follows extensive e-governance practices.
- Student data collection is done through Google Forms/Sheets.
- Examination circulars and notifications are issued digitally.
- Stationery procurement involves electronic quotations.
- Examination fee payments are accepted through digital modes (UPI/NEFT).
- Results are published on the college website.
- Digital tools are used extensively in confidential work, internal assessments, mark-entry, CIA analysis, and evaluation.
- Digital evaluation ensures transparency and timely processing.

Library Automation

The college library functions from the Heritage Block and is partially digitalized. A significant percentage of old reference books are digitized. SOUL 3.0 software is used for library automation and resource management. Reading rooms, journal sections, and digital access zones support ICT-based learning. The library subscribes to digital journals and magazines.

FINANCIAL & ACADEMIC MANAGEMENT

Accounts & Finance

PFMS is used for receiving and utilizing central government funds. APCFSS is used for state government fund management and salary-related information for faculty. F-MAP is used for fee collection, expenditure management, and financial record keeping. The financial system ensures transparency and real-time monitoring.

Learning Management Systems (LMS)

The institution uses the APCCE LMS platform for curriculum management. Faculty utilize various online teaching platforms for content delivery, assignments, and assessments. Students can access LMS resources anytime through the college website. Department web pages provide direct links to LMS resources. ICT-enabled teaching is practiced by all faculty members, enhancing digital learning.

STUDENT MENTORING POLICY

The Student Mentoring Policy of the college aims to support students academically, morally, emotionally, personally, and in attendance. Mentors maintain student profiles, monitor progress, and guide them throughout their academic journey.

Academic Mentoring

Academic mentoring helps students improve their learning performance through guidance on study skills, time management, goal setting, and use of academic resources. Mentors assist in course selection, career planning, and identification of areas needing improvement, thereby promoting academic success.

Moral Mentoring

Moral mentoring instills values such as honesty, integrity, discipline, and respect. Mentors act as role models, encouraging ethical conduct and responsible decision-making to create a positive and value-based campus environment.

Emotional Mentoring

Emotional mentoring supports students' mental health and well-being. Mentors provide a safe environment for students to share concerns, manage stress, build resilience, and develop healthy coping strategies. Students are guided toward counseling services when necessary.

Personal Mentoring

Personal mentoring focuses on students' overall growth. Mentors help them set personal goals, build confidence, discover interests and talents, and develop self-awareness. This mentoring also supports students during transitions and fosters independence and self-worth.

Attendance Mentoring

Attendance mentoring ensures students maintain regular class participation. Mentors review attendance records, identify absenteeism trends, and help resolve issues related to transportation, health, or personal challenges. Students are made aware of the importance of consistent attendance for academic success.

Strategies for Promoting Regular Attendance**Monitoring Attendance**

Mentors keep systematic attendance records through registers or digital tools such as **Ganabhumi FRS** apps. These enable tracking of trends, frequent absences, and specific patterns of absenteeism.

Identifying Barriers

Mentors interact with students to understand obstacles affecting attendance, including personal, academic, or logistical issues.

Providing Support

Mentors guide students to appropriate support services such as transport assistance, health services, or academic help to remove attendance barriers.

Setting Attendance Goals

Attendance improvement plans are created with specific goals, and mentors track progress to ensure accountability.

Emphasizing Importance

Students are educated on how regular attendance impacts learning outcomes, performance, and overall success in college.

Rewarding Good Attendance

Recognition or incentives may be provided to students who maintain consistent attendance, promoting positive reinforcement.

Tracking and Review Mechanisms**Attendance Registers & Software**

Mentors use manual registers or attendance software to maintain accurate records and generate reports. Digital tools provide analytics that help identify problematic trends or recurring absences.

Monitoring Progress

Mentors review attendance and mentoring plans periodically.

BOARD OF STUDIES (BOS)

The Board of Studies (BOS) is the fundamental academic body in each department of an autonomous college. It is responsible for designing, reviewing, and updating the curriculum to maintain academic quality, relevance, and alignment with institutional goals and national policies such as the National Education Policy (NEP) 2020. The BOS ensures that the syllabus, teaching methods, and evaluation processes are up to date and in tune with the latest developments in the discipline and industry and local needs. All the members of BOS will be approved by Pricipal of the College.

Feature	Description	Responsibility / Remarks
Proceedings of BOS	Comprises of BOS members and guidelines	Issued by Principal
Composition	Each department shall have its own BOS.	Head of Department acts as Chairperson.
Members	• Head of the Department (Chairperson)	Ensures academic and industry relevance.
	• One university nominee	
	• All faculty members of the department	
	• Two subject experts (University/Academia)	
	• One industry or corporate expert	
	• One alumnus	
Curriculum Design	Formulation and revision of syllabus for all courses.	Must align with NEP 2020 and UGC guidelines.
Course Outcomes (COs) and Program Outcomes (POs)	Define clear learning outcomes for each course and program.	To be mapped and reviewed periodically.
Recommendation of Learning Resources	Suggest textbooks, reference books, and online resources.	For Academic Council approval.
Assessment & Evaluation Methods	Recommend patterns for internal and external evaluation.	To promote continuous assessment and transparency.
Feedback Mechanism	Review feedback from students, alumni, and employers.	For continuous improvement of curriculum.
Industry & Skill Orientation	Inclusion of value-added, skill-based, and internship courses.	Encouraged to collaborate with industry partners.
Interdisciplinary & Research Components	Introduce interdisciplinary and project-based learning.	Promotes innovation and practical exposure.
Meeting Frequency	At least once every in the beginning of academic year.	Minutes to be submitted to Academic Council.
Documentation	Maintain minutes, agenda, approved syllabi, and resource lists.	Records must be preserved for NAAC/UGC review.
Compliance	Ensure Outcome-Based Education (OBE) and NEP 2020 adoption.	Mandatory for quality assurance.

Governing Body

S.No.	Category	Designation in the GB	Name of the Chairperson & Members of GB

ACADEMIC COUNCIL FOR THE ACADEMIC YEAR 2025- 2026

1. Principal

Dr. Kandula Anjaneyulu - Chairman

2. Four teachers of the college representing different categories of teaching staff by rotation:

- a) Sri. V. Sanjeeva Kumar , Vice Principal & Lecturer in Chemistry
- b) Sri. B. Chakravarthy, HOD Dept. of Zoology & Aquaculture
- c) Dr. P.Hariram Prasad, HOD Dept of Hindi & IQAC Coordinator.
- d) Dr. M. Venkateswara Rao, HOD Dept.of Economics

3. Four experts from outside the College representing different fields as members

- a) Education : Dr. P.V.Krishnaji, RJDCE, Rajamahendravaram.
- b) Law : Sri. P. Suneel Kanth, Advocate, Kakinada.
- c) Engineering : Sri.P.Venkata Raju, Dy EE, APEWIDC, Kakinada.
- d) Industry : Sri. K.Adinarayana Chowdhari, Vijaya Bhaskara Aqua farms, Korangi.

4. Nominees of the University as members

- a) Prof. N Udaya Bhaskar, Dept. of C&MS, UCAC
Adikavi Nannaya University, Rajamahendravaram
- b) Prof.M.Kamala Kumari, Dept. of CSE,
Adikavi Nannaya University Extension Center (MSN Campus) Kakinada.
- c) Dr. K. Deepthi. Asst. Professor. Dept. of Chernistry. UCST,
Adikavi Nannaya University, Rajamahendravaram

5. All the In-Charges of Departments

- a) Sri.T.V.V.Satyanarayana, In-charge - Dept of Chemistry
- b) Ms.Ch.Vennela, In-charge - Dept of English
- c) Ms.P.Jyothi, In-charge - Dept of Computer Applications
- d) Dr.M.Surekha, In-charge, Dept of Physics
- e) Dr.K.Jayadev, In-charge - Dept of Mathematics
- f) Sri.G.P.Chakravarthi, In-charge - Dept of Biotechnology & Microbiology
- g) Dr.K.Hari Kishan, In-charge - Dept of Political Science
- h) Dr.K.Lakshmana Rao, In-charge - Dept of Commerce
- i) Sri.R.V.Satyanarayana, In-charge - Dept of Computer Science & Statistics
- j) Sri.V.Mallikarjuna Naik, In-charge - Dept of History
- k) Dr. Ch. John Samuel, In-charge - Dept of Botany
- l) Smt.Y.Bujji, In-charge- Dept of Sanskrit
- m) Dr.S.V.V.L.G.Varma, In-charge-Dept of Physical Education

6. Member Secretary – Nominated by the Principal

Sri. P.Vijaya Kumar – Lecturer in Chemistry & Academic Coordinator

Dr. KANDULA ANJANEYULU
Principal & Chairman
Academic Council

**FINANCE COMMITTEE**

S.No.	Name	Designation	Role in the Committee
1	Dr K. Anjaneyulu	Principal	Chairman
2		To be nominated by the GB of the College	Member
3	Dr. K Srinivasa Rao	Finance Officer Adikavi Nannaya University	Member
4	Sri V.Sanjeeva Kumar	Vice-Principal & Lecturer in Chemistry	Member

College Planning and Development Council (C.P.D.C.)

The **College Planning and Development Council (C.P.D.C.)** plays a pivotal role in the overall growth and progress of the institution. It actively contributes to the formulation of developmental plans, infrastructure enhancement, and strategies for academic development. The Council offers valuable suggestions and guidance on various matters related to institutional development, quality enhancement, and academic advancement.

S.No.	NAME	DESIGNATION	POSITION
1	Dr K. Anjaneyulu	Principal	Chairman
2	Sri Vakkalanka Ramakrishna	Philanthropist	Secretaty
2	Dr.P. Hariram Prasad	HoD,Hindi	convenor
4	Dr.P.Vijaya Kumar	Lecturer in Chemistry	Member GCTA
5	Dr.K.Jayadev	Lec.in Physics	Member GCGTA
6	Prof.K. Muralikrishna	Professor, JNTUK	Member (Educationist)
7	Sri K. Venkata Raju	DE, APEWIDC	Member (Professional)
8	Sri K. Hareesh	Hareesh Sports, Kakinada	Member (Business)
9	Sri K. Krishna Reddy	Krify Software Solutions, Kakinada	Member (Industrialist)
10	Sri Kuppili Jagadeeswara Rao	President, Parent-Teacher Association	Member (Parent)
11	Sri K. Bhami Reddy	Honorary President, Alumni Association	Member (Alumnus)
12	Dr.K. Nageswara Rao	Lecturer in Commerce	Member
13	Smt.B. Mangamma	Superintendent	Member
14	Mr.Ch.Gopiram	II BA Economics	Student Member
15	Mr.P.Manoj	III BSc IT	Student Member

ACADEMIC GOVERNANCE CELL

The **Academic Governance Cell** plays a vital role in planning, coordinating, and monitoring all academic activities of the institution. It serves as a central body linking various departments, statutory committees, and the affiliating university to ensure effective implementation of academic policies and programmes. The cell is responsible for preparing the academic calendar, coordinating curriculum design and revision in consultation with the Boards of Studies and Academic Council, and ensuring that the syllabus remains relevant, skill-oriented, and aligned with NEP and UGC guidelines. The Academic Cell maintains academic records, monitors the progress of teaching schedules, and supports the adoption of innovative teaching-learning methods in collaboration with the IQAC. Additionally, it facilitates inter-departmental coordination, organizes academic meetings, and reviews, and ensures timely communication of academic information to faculty and students. Through these activities, the Academic Cell contributes significantly to maintaining academic standards and promoting the overall quality and effectiveness of higher education in the college.

S.No	Name	Designation	Position
1	Sri P. Vijaya Kumar	Lecturer In Chemistry	Academic Coordinator
2	Sri. B. Chakravarthi	HOD Dept of Zoology & Aquaculture	Coordinator – Biological Sciences
3	Dr. M. Venkateswara Rao	HOD, Dept of Economics	Coordinator – Humanities
4	Dr.K. Jayadev	Lecturer in Charge- Mathematics	Coordinator – Physical Sciences
5	Dr.K. Lakshmanarao	Lecturer in Commerce	Coordinator – Commerce & Management
6	D. Vidya Sri	II M.Sc Zoology	Student – Member
7	S. Jaffer	I B.Com Tax	Student – Member

EXAMINATION CELL

The **Examination Cell** plays a crucial role in planning, organizing, and implementing all examination-related activities in a fair and transparent manner. It ensures the smooth conduct of internal and end-semester examinations in accordance with the academic calendar and the regulations framed by the college and affiliating university. The cell is responsible for preparing examination timetables, issuing hall tickets, arranging invigilation schedules, and maintaining confidentiality in all examination processes. It coordinates the setting, moderation, printing, and distribution of question papers while ensuring strict adherence to examination norms. The Examination Cell also oversees the evaluation process, compilation of marks, declaration of results, and issue of grade sheets. It maintains records of students' performance, examination reports, and grievances related to evaluation. In addition, the cell ensures the proper functioning of the Continuous Internal Assessment (CIA) system, coordinates reevaluation and supplementary examinations, and provides necessary data to statutory bodies such as the Academic Council and IQAC for academic review. Through its meticulous functioning, the Examination Cell upholds the credibility, integrity, and academic standards of the institution.

Sl.No	Name	Designation	Role
1.	Dr. K. Anjaneyulu	Principal	Chief controller of Examinations
2.	Sri V. Sanjeeva Kumar	HOD Chemistry	Controller of Examinations
3.	Dr.S.V.G.V.A Prasad	Lecturer in Physics	Asst. Controller of Examinations

Academic & Administrative Committees

The **Academic and Administrative Committees** play a key role in the smooth functioning and quality enhancement of an autonomous college. The **Academic Committees** focus on curriculum development, teaching-learning processes, examinations, and research promotion, ensuring adherence to academic standards and regulations. The **Administrative Committees** manage institutional operations such as admissions, finance, infrastructure, discipline, and staff welfare, ensuring transparency and efficiency. Together, these committees promote participatory governance, coordination, and overall institutional development.

PITHAPUR RAJAH'S GOVERNMENT COLLEGE [AUTONOMOUS]:: KAKINADA

Institutional Academic and Administrative Committees for the Academic Year 2025-26

With a view to decentralization of Administration and for effective and smooth function of Academic and Administrative activities, and to assist the Principal of the College in his day-to-day activities, the following Committees are constituted.

The Principal enacts as the Chair Person for all the committees.

S.No	Committee	Name of the Faculty member	Designation	Role
NON STATUTAORY COMMITTEES				
1	Examinaion Cell	V Sanjeeva Kumar	Lecturer In-Charge Chemistry	COE
		Dr SVGVA Prasad	Lecturer in Physics	Dy. COE
		V Mallikarjun Naik	Lecturer in Economics	Dy. COE

	Committee nominates two student representatives from II & III Year in the first meeting				

Undergraduate Programmes under National Education Policy (NEP)

In consonance with NEP 2020 the Government of Andhra Pradesh rolled out a redesigned CBCS curriculum for 4-year UG Honours Programmes from the year 2020-21. In December 2022, the AP State Council of Higher Education has taken up the task of redesigning the curricular framework for the UG Degree Programmes. The AP State Council of Higher Education (APSCHE) has constituted an Expert Committee vide Procs. No. APSCHE/AC-I/CBCS-2023-24/Review Dt. 13.03.2023 under the Chairmanship of Prof. K. Rama Mohana Rao, Vice Chairman AP State Council of Higher Education. On the recommendations of the Committee, 4-year UG Honours Program with a single Major and one minor is introduced from the A.Y.2023-2024.

The context for the introduction of new curriculum and credit framework

1. **Changing Educational Landscape:** The higher education landscape is constantly evolving, influenced by emerging technologies, globalization, industry requirements, and societal changes. To ensure that undergraduate programs remain relevant and aligned with the needs of students and the job market, it is essential for regulatory bodies to periodically review and update the curriculum and credit framework.
2. **Quality Enhancement:** The APSCHE has introduced the new curriculum and credit framework in 4-year UG Honours with Single Major and one minor as part of its efforts to enhance the quality of undergraduate education. By setting updated guidelines and standards, the state can promote consistency, rigor, and alignment with global educational practices.
3. **Employability and Skill Development:** The APSCHE recognizes the need to align undergraduate programs with the demands of the job market and the evolving needs of the industry. This new curriculum and credit framework will emphasize the development of employability skills, multidisciplinary knowledge, and practical experiences through internships and/or industry collaborations.
4. **Flexibility and Choice:** Students today seek greater flexibility and choice in their educational journey. The new curriculum and credit framework aims to provide students with more options to tailor their course of study, select electives, or explore interdisciplinary subjects. This can help foster holistic development and cater to diverse student interests and aspirations.
5. **Alignment with Global Standards:** The APSCHE considers aligning undergraduate programs with international standards and best practices. This could involve incorporating elements such as outcome-based education, credit transferability, and flexible learning pathways to ensure compatibility and recognition of Indian degrees in the global academic arena.
6. **Technology Integration:** Considering the technological innovations and interventions in higher education, the new curriculum provides high flexibility to apply technology in the teaching and learning process. The students can opt for online minor courses, skill courses, multi-discipline courses, and some of the core courses also. The use of AR, and VR is encouraged to facilitate the HEIs to offer a number of majors and minors.

4-Year UG Honours with Single Major.

The duration of the Program is 4 years, with multiple entry and exit options after 1st, 2nd and 3rd years of study with a certificate, diploma and degree after the respective years of study. Honors Degree is awarded at the end of 4-years of study.

Program Objectives and Goals of UG Honours in Single Major

◆ Depth of Knowledge:

Single major programs allow students to focus on a specific discipline, enabling them to develop in-depth knowledge and expertise in their chosen field.

◆ By concentrating their studies on a single major, students have the opportunity to delve deeply into the subject matter, engage in advanced coursework, and pursue specialized research or projects.

◆ Clarity and Specialization: Single major programs provide students with a clear academic pathway and a focused direction for their studies. They can pursue their passion and interests in a specific discipline without the need to divide their time and attention across multiple majors. This clarity of focus allows students to specialize in their chosen field, potentially enhancing their future career prospects.

◆ Flexibility and Elective Choices: Single-major programs often provide students with flexibility in choosing elective courses and exploring interdisciplinary studies. By focusing on a single major, students may have more room in their curriculum to pursue elective courses that complement their primary area of study or explore related disciplines that align with their interests.

◆ Research and Career Alignment: Single major programs can better align with students' research interests and career goals. By immersing themselves in a specific field, students have more opportunities to engage in research projects, internships, and practical experiences directly related to their major. This specialization can enhance their expertise and make them more competitive in their chosen career path.

◆ Reduced Course Load and Stress: Pursuing a single major program typically involves a lower course load compared to three major programs. This can help reduce the stress and academic burden on students, allowing them to focus more deeply on their coursework, engage in extracurricular activities, and maintain a better work-life balance.

◆ Ensuring Multidisciplinary and Interdisciplinary learning.

◆ Opportunity for learners to choose the courses of their interest in all disciplines;

- ◆ Facilitating multiple entry and exit options with UG certificate/ UG diploma/ or degree depending upon the number of credits secured and period of study;
- ◆ Online learning, and hybrid modes of blended learning ensured.
- ◆ Integrated Community Service Project into the curriculum.
- ◆ Internship/On the Job Training (both in physical or virtual mode) incorporated in two stages, one, a short-term internship during the summer vacation between 2nd and 3rd years of study and the other a full-semester internship, either in the V or VI semester.
- ◆ Multidisciplinary courses are made mandatory.
- ◆ Skill Enhancement courses are introduced.
- ◆ Mandatory Open Online Transdisciplinary courses are introduced.
- ◆ Courses on Indian Knowledge Systems introduced.
- ◆ Multiple entry and exit options are provided.
- ◆ One Minor with 6 courses and 24 credits is compulsory.

Program Structure and Curriculum

A. Credit Requirements

- ◆ For UG Honours Degree the number of credits required is 160 along with 20 additional credits assigned for Community Service Project (4 credits), Short Term Internship (4 credits) and Semester Internship (12 credits).
- ◆ These 160 credits are apportioned as, 84 for Major Courses, 24 for Minor Courses, 12 for Languages, 6 for Multidisciplinary Courses, 28 for Skill Courses, 4 for Open Online Transdisciplinary Courses and 2 for Common Value-Added Courses.
- ◆ The thumb rule for assigning credits is 1 hour of theory per week is equivalent to 1 credit. Similarly, 2 hours of practical per week is equivalent to 1 credit. The credits assigned for Internship/Apprenticeship/OJT are not to be equalized with the hours of work done.
- ◆ A student can acquire a maximum of 40% of credits online.

Major Programs

- ◆ Major discipline is the discipline or subject of main focus, and the degree will be awarded in that discipline. Students should secure the minimum prescribed number of credits, i.e., 84 (about 50% of total credits) through core courses in the major discipline.
- ◆ A student of UG Honours Degree has to study 21 course papers with 84 credits in the chosen major. The eligibility for admission into a Major will be similar to the existing eligibility for a program.
- ◆ A student has to choose one Major for gaining in-depth knowledge in that subject discipline.
- ◆ All discipline-specific major courses carry a weightage of 4 credits, irrespective of the discipline of study, viz., arts, commerce, science, etc. Wherever practicals are involved, 3 credits are assigned for 3 hours of theory and 1 credit is assigned for 2 hours of practical. For all courses without practicals, 4 credits are assigned for 4 hours of theory.
- ◆ The first two courses in the Major shall be the foundation courses for that Major and shall be pathway courses to choose their Minor in the second semester.
- ◆ In the case of Mathematics there will be 5 hours of workload per week which includes practice sessions (NOT PRACTICALS) and the number of credits assigned is 4.
- ◆ In the case of B.Com., Computer Applications or for BCA or wherever Computer Science/Applications involved subjects or courses are offered, the courses (papers) shall have 3 hours of theory and 2 hours of practical.

Minor Courses

- ◆ Students have to choose a Minor in the second semester. The student can choose a minor cutting across the disciplines or from the allied disciplines.
- ◆ A student has to study 6 courses in the chosen minor with 24 credits. The minor courses start from the second semester onwards.
- ◆ Some minors may require eligibility to study a particular course at the intermediate level. Such conditions, if any, will be notified against the minor.
- ◆ A student can complete a second minor online from approved sources during the period of study and submit the credits to the university for inclusion in the Degree certificate.
- ◆ Minor courses can be studied offline or online or in blended mode.

B. Languages

- ◆ Two courses in English Language and two courses in Modern Indian Language are to be completed in the first two semesters.
- ◆ Each language course is taught for 4 hours with 3 credits

Skill Enhancement Courses

- ◆ Enhancing student employability is the top priority for higher education. Employability is a measure of a student's ability to secure their first job and remain employed throughout their working lives.
- ◆ A pool of Skill Enhancement Courses is offered in Semesters I to IV. These Skill Enhancement Courses are contemporary in nature and not major-specific.
- ◆ A student has to complete 6 such courses (2 credits each) in Semesters I to IV assigned with 12 credits. Students are offered choices for selecting skill enhancement courses of their interest.
- ◆ Major subject-specific Skill Enhancement courses with choices are offered in Semester V/VI as two of the four major courses.
- ◆ And two Skill Enhancement courses each with choices are offered in Semesters VII and VIII in the concerned major.

Multidisciplinary Courses

- ◆ In consonance with NEP – 2020 all UG students are required to undergo multidisciplinary courses. These courses are intended to broaden the intellectual experience.
- ◆ Students are not allowed to choose the courses in a major discipline or repeat courses already undergone at the higher secondary level or Intermediate level or 12th class as the multidisciplinary course.
- ◆ A student has to complete 3 multidisciplinary courses each carrying 2 credits.
- ◆ Students are offered choices for selecting multidisciplinary courses of their interest.

Common Value-Added Courses

- ◆ Common Valued Added Course includes Environmental science/education, and shall carry 2 credits.

Courses on Indian Knowledge System

- ◆ Courses on IKS are integrated into the curricular framework. The IKS course shall be an Audit Course which is a mandatory course with only a Pass or Fail.
- ◆ A student has to complete 2 courses on IKS one in the VII semester and one in the VIII semester.
- ◆ Students are offered choices for selecting IKS courses of their interest.

Open Online Transdisciplinary Courses

- ◆ Two mandatory Open Online Transdisciplinary Courses, with 2 credits per course, are to be done by the students, one in each of Semesters VII and VIII.
- ◆ Students are free to select courses of their interest from any discipline.

10-month mandatory Internship (2023-2024 Admitted Batch)

Three internships are mandatory for all students irrespective of the of the Program of study.

First internship (April-May after 1st year examinations): Community Service Project

- ◆ To inculcate social responsibility and compassionate commitment among the students, the summer vacation in the intervening 1st and 2nd years of study shall be for Community Service Project.

Learning outcomes

- ◆ To facilitate an understanding of the issues that confronts the vulnerable/marginalized sections of the society.
- ◆ To initiate team processes with the student groups for societal change.
- ◆ To provide students an opportunity to familiarize themselves with urban/rural community they live in
- ◆ To enable students to engage in the development of the community.
- ◆ To plan activities based on the focused groups.\
- ◆ To know the ways of transforming society through systematic programme implementation.

Short Term Internship (April-May after 2nd year examinations)

- ◆ To make the students employable, an Apprenticeship / Internship / On the job training / In-house Project / Off-site Project shall be undertaken by the students in the intervening summer vacation between the 2nd and 3rd years.

Learning outcomes

- ◆ Explore career alternatives prior to graduation.
- ◆ Integrate theory and practice.
- ◆ Assess interests and abilities in their field of study.
- ◆ Learn to appreciate work and its function towards future .
- ◆ Develop work habits and attitudes necessary for job success.
- ◆ Develop communication, interpersonal and other critical skills in the future job.
- ◆ Build a record of work experience.
- ◆ Acquire employment contacts leading directly to a full-time job following graduation from college.

**6thSemester Internship**

During the entire 6th Semester, the student shall undergo Apprenticeship / Internship / On the Job Training. This is to ensure that the students develop hands on technical skills which will be of great help in facing the world of work.

Learning outcomes

- ◆ Explore career alternatives prior to graduation.
- ◆ Integrate theory and practice.
- ◆ Assess interests and abilities in their field of study.
- ◆ Learn to appreciate work and its function towards future .
- ◆ Develop work habits and attitudes necessary for job success.

*****For 2025-2026 admitted batch a CSP of 80 hours after II Semester and an Internship of 180 hours in the VI semester is mandatory***

Minimum Acceptable Level of academic standards:

The minimum acceptable level of achievement that a student must demonstrate to be eligible for the award of academic credit or a qualification is the minimum acceptable level of academic standards. The Letter Grades and Grade Points which shall be used to reflect the outcome of assessment process of the student's performance is indicated in the below

Table.

O (Outstanding)	10	96%-100%
A+ (Excellent)	9	90% - 95%
A (Very Good)	8	80% - 89%
B+ (Good)	7	70% - 79%
B (Above Average)	6	60% - 69%
C (Average)	5	50% - 59%
P (Pass)	4	40% - 49%
F (Fail)	0	<40%

Letter Grades and Grade Points***.1. Structure of UGCF***

The UGCF is a structure for four-year undergraduate programmes in different disciplines with multiple exit options. The details of the structure are provided below:

Co-Curricular and Extra-Curricular Opportunities

In addition to its curricular and beyond curriculum activities, the College promotes holistic growth by encouraging students to participate in several cells, units, and societies of the Institution. Students may gain valuable life skills such as leadership, team management, and inter-personal relations as well as technical skills such as investing. Student may also have opportunities for experience multi-lingual and multi-cultural national and international exposure by participating in these activities, a few of which are mentioned below:

- ◆ Yoga & Wellness Centre
- ◆ Centre for innovation and Incubation
- ◆ Centre for 21st century skills
- ◆ Centre for Performing Arts
- ◆ Eco Club
- ◆ Red Ribbon club
- ◆ Media centre/ Lecture capturing centre
- ◆ Placement Cell
- ◆ National Service Scheme (NSS) - "Not Me - But You"

The National Service Scheme (NSS) was launched in 1969, the birth centenary year of the Father of Nation, by the Government of India. It is a voluntary association of young people, especially college students, to work for campus-community linkages. It aims at developing students' personality through community service. This College has four NSS Units in each unit there are total 100 volunteers. Each unit functions under a Programme Officer to provide a platform to the students and faculty for community work and developing a sense of involvement in the tasks of nation building. A variety of activities are organized every year to channelize the energy and idealism of the younger generation into creative pursuits. The NSS wing organizes activities like Blood Donation Camps, Literacy Classes for children of weaker sections, Leadership Workshops, Summer Camps, National Awareness Programmes etc.

NATIONAL CADET CORPS (NCC)

NCC Came into existence on 16th April 1948 through the XXXI Act of Parliament. Air Wing in NCC was raised in 01 April 1950. The National Cadet Corps (NCC) aims to develop character, comradeship, discipline, a secular outlook, the spirit of adventure, sportsmanship, and ideals of selfless service among the youth of the country.

It strives to create a human resource of organized, trained, and motivated young citizens, and to provide a suitable environment that encourages them to take up careers in the Armed Forces. The motto of NCC is “**Unity and Discipline.**” Our college has two wings of NCC — the **Naval Wing** and the **Air Wing**. The Air Wing was established in the year **1974** in our college. Initially, there were only 15 to 20 cadets, but today the strength has grown to **96 cadets**. Nearly **50% of the total vacancies** are allotted to our college, a recognition of the dedication, hard work, and commitment consistently shown by our cadets. Many of the Cadets were Participated in RDC Camps, AIVSC Camps, VSC IGC Camps and ATC Camps. Our college has adopted several community development activities with the aim of imbibing the selfless service to the community, dignity of labour, importance of self-help, need to protect the environment. Every year new cadets are recruited by selection.

Women Empowerment Cell (WEC)

The Women Empowerment Cell, is a vibrant gender empowerment initiative of PRGC. The Cell undertakes several key initiatives such as seminars, self-defence workshops, lectures and other events towards gender empowerment to enhance consciousness of gender equality and empowerment amongst young minds in the College.

WEC of the college enlightens the women students about legal rights of women. It works towards various aspects of women empowerment.

Awareness programme for conducted on legal literacy to women as the girl students mostly hail from Financial Opportunities. An international women conclave has been organized in January 2025 and a 4 day general awareness program for all girl students has been organized in August 2025

Internal Complaints Committee

The establishment of Internal Complaints Committee (ICC) is mandatory under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. It is responsible for addressing complaints related to sexual harassment and gender-based discrimination. The committee also conducts awareness programs and workshops to promote gender equality and educate students

about women's rights and legal provisions. ICC contributes to maintaining a secure and dignified atmosphere for all members of the college community.

Financial Support from Government

In order that no brilliant student is prevented on grounds of poverty from pursuing his academic career the following schemes of scholarships for the award of merit scholarships were started by the Govt. of India and State Govt. in 1961-62 and they have been continued ever since.

a) Fee reimbursement and other financial assistance by Social / Tribal Welfare departments.

The students belonging to schedule caste, Scheduled Tribes and listed Backward classes are granted scholarships by Social Welfare and Tribal Welfare Departments. The fees due from these students are reimbursed to the colleges and the students who are staying away from their homes are also sanctioned mess charges.

Income Limit for B.C. S is 2,00,000/-PA. Income Limit for S.C./S. Ts 2,00,000/-PA If income certificate is not produced no fee is reimbursed.

Merit Scholarships

1. National Merit Scholarships
2. General Merit Scholarships

**ENDOWEMENT PRIZES**

Si.No	Name of the Endowment prize	Amount deposited Bank details

డిగ్రీ ప్రవేశాల కౌన్సిలింగ్లో కళాశాల విచ్చికాలకు మార్పు లేదు

ఈనాడు, అమరావతి: డిగ్రీ ఆన్లైన్ ప్రవేశం కౌన్సిలింగ్లో ఈ ఏడాది కళాశాల లాగిన సుందీ పైకం వెళ్లిన విద్యార్థులు నమోదు చేసుకునేందుకు ఉన్నత విద్యాశాఖ ఆవేశం కల్పించింది. ఈ మేరకు కుప్రవారు రాత్రి మార్గదర్శాలు విడుదల చేసింది. అభ్యర్థులు ఆన్లైన్లో నేరుగా లేదా కళాశాల సుందీ కేంద్రం వెళ్లిన విద్యార్థులు నమోదు చేసుకోవచ్చు. కళాశాల లాగిన సుందీ వెళ్లిన విద్యార్థులు నమోదు చేస్తే మార్పులకు ఆవేశం ఉండదు.

- అభ్యర్థి మొదట ఒక కళాశాల సుందీ కేంద్రం వెళ్లాలి, ఆ తర్వాత మరో కళాశాల వెళ్లి వెళ్లిన విద్యార్థులకు రెండోసారి పెట్టిన కళాశాల మాత్రమే ప్రాధాన్యం ఉంటుంది. దీనిని ఏ కళాశాల సుందీ కేంద్రం వెళ్లిన దానికే మొదటి ప్రాధాన్యం ఉంటుంది.
- విద్యార్థి ఆన్లైన్లో నేరుగా వెళ్లిన విద్యార్థులు నమోదు చేసుకోని, ఆ తర్వాత కళాశాల వెళ్లి వెళ్లిన విద్యార్థులకు రెండోసారి పెట్టిన వాటికే మొదటి ప్రాధాన్యం ఉంటుంది.
- అభ్యర్థి మొదట ఒక కళాశాల సుందీ కేంద్రం వెళ్లాలి, ఆ తర్వాత ఆన్లైన్లో ప్రవేశం పెట్టుకుని, అనంతరం మరో కళాశాల వెళ్లి మరో విద్యార్థులు పెట్టుకుంటే రెండోసారి కళాశాల సుందీ వెళ్లిన వాటికే ప్రాధాన్యం ఉంటుంది.

కాలేజీలో పెట్టిన ఆప్షన్ల పైనల్!

- » వాటిని విద్యార్థులు మార్పుకోలేదు
- » ఆన్లైన్ ఆప్షన్లకు మాత్రమే ఆ అవకాశం
- » డిగ్రీ అభ్యర్థులకు ఉన్నత విద్యామండలి ప్రకటన
- » ఆన్లైన్లోనూ అభ్యర్థులకు అవకాశం

వివిధ ఆప్షన్ల అవకాశం. అలాగే విద్యార్థులు మార్పుల కోసం ఆన్లైన్లోనూ దరఖాస్తు చేయొచ్చు. అయితే కాలేజీలకు వెళ్లి చేసిన దరఖాస్తులే మొదటి ప్రాధాన్యత అవుతాయి. విద్యార్థి మొదటగా ఆన్లైన్లో దరఖాస్తు చేసుకుని, తర్వాత ఆన్లైన్లో చేసినా, ఆలి ప్రాధాన్యత ఆన్లైన్ కాలేజీ అవుతాయి. మరోవైపు ఆన్లైన్ విదానంలో కాలేజీల్లో పెట్టుకున్న ఆప్షన్లు విద్యార్థులు మార్పు కోసం అవకాశం లేదు. సాధారణంగా డిగ్రీ కౌన్సిలింగ్ ఆప్షన్లు పెట్టుకున్న తర్వాత కాలేజీ, కేంద్ర ప్రాధాన్యత మార్పుకోవచ్చు. కానీ కొత్త విదానంలో అది కుదరదు. ఆన్లైన్, ఆన్లైన్ రెండు రూపాల్లో దరఖాస్తు చేసుకుంటే ఆన్లైన్ విదానంలో పెట్టుకున్న ఆప్షన్లు మాత్రమే మార్పుకోవచ్చు. కానీ కొత్త విదానంలో అది కుదరదు. నష్టం కలిగి అవకాశం ఉంటుంది. పెట్టిన కాలేజీ వెళ్లి దరఖాస్తు చేసుకుంటే ఆ తర్వాత దాని మార్పుకోవడం సాధ్యం కాదు. పైగా ఆ తర్వాత ఆన్లైన్లో దరఖాస్తు చేసుకున్నా ఆన్లైన్ దరఖాస్తుకే ఆలి ప్రాధాన్యత లభిస్తుంది. దీనివల్ల ఆన్లైన్ విదానం విద్యార్థులకు ఇబ్బంది లభిస్తుంది. అలాగే ఒక కాలేజీ వెళ్లి అభ్యర్థి లాగిన సుందీ మరో కాలేజీ దరఖాస్తు చేసుకోవడం సాధ్యం కాదు.
